

## THE TTS CONNECTION

**1/2 the Year Still Ahead of Us...**  
...so let's make things a little easier

### Total Order Entry (T.O.E.) Just Got Faster

Our latest release of Total Order Entry, the single order entry portal, makes it easier than ever to enter, manage and communicate orders. We've eliminated the need for using and communicating with a 3rd party transfer software (FileZilla), saving you multiple steps and lots of time.

1. The "out" and "in" files would typically need FileZilla to transfer to and from T.O.E.
2. Now, the FTP transfer resides within T.O.E.
3. This means no more 3rd party communication steps, and no more errors transferring files.
4. We've automated everything saving you time.

## But wait! There's more to come.

We've shown you how T.O.E can now directly exchange files with manufacturers. By working with integral partners like Topaz and Signify, we are developing the next level: instant communication with TTS. There will be no files being transferred, just data. Stay tuned for more developing news on this.

# Did You Know?

There will be a new TTS Platform version being released mid-September that will be optimized for mobile, tablet and laptops. Take a look.

### Large Screen Layout (desktop)

The screenshot shows the desktop version of the TTS platform. On the left is a navigation sidebar with categories like Dashboard, Action Items, Company Data, CRM, Data Files, Customer, Contact, Product, Marketing, Project (Opportunity), Quotation, Sales, Tools, and Total Order Entry (TOE). The main area is titled 'Search Contact File' and features a search bar with 'todd' entered. Below the search bar is a table of search results with columns for First Name, Last Name, Email, Direct Phone, Mobile Phone, Company, Address, City, State, and Phone. The results list several contacts, including Todd Bercaw, Todd Billerman, Todd Front, Todd Hacker, Todd Hickey, Todd Hutchins, Todd Kramer, Todd Richmond, and Todd Smith.

### Small Screen Layout (phone/tablet)

The screenshot shows the mobile version of the TTS platform. The search bar contains 'Todd'. The results are displayed as a list of cards, each showing a contact's name, company, email, and phone numbers. The first card is for Todd Bercaw at LWES Electric, with email todd.bercaw@graybar.com and phone numbers 419-564-0667 (Cell) and 6035694000 (Office). Other cards show Todd Billerman at PLES Electric and Todd Front at A Distributor.
